Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Friday 12 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Breezy for many on Friday, rather cloudy and mild.

Today:
Friday will be a rather breezy day with a chance of an isolated shower, these heaviest in the west. Some bright or sunny intervals are also possible and staying fairly mild. Maximum temperature 14 deg C (57 deg F).

Tonight:
Remaining rather cloudy during the evening and overnight however winds will ease somewhat with the odd clear spells developing later in the night. Minimum temperature 8 deg C (46 deg F).

Saturday:
A rather cloudy start Saturday but remaining largely dry. Some brighter spells developing during the afternoon with some hazy sunshine in places. Winds mostly light to moderate and feeling mild. Maximum temperature 13 deg C (55 deg F).

Outlook for Sunday to Tuesday:
Largely dry and cloudy Sunday, with some brighter spells. A fair amount of cloud for both Monday and Tuesday, perhaps with some drizzle in places but feeling a little colder.
